B230	MPharm Pharmacy	4	£9,250	£9,250	£9,250	£9,250	N/A	During your programme of study, you will incur some additional costs. A range of resources to support your curriculum, including textbooks and electronic resources, are available through the University library. Reading lists and module specific costs are listed on the individual module descriptions. There should not be a need to purchase additional textbooks, but students may want their own copies of some textbooks. Printing and photocopying facilities are available on campus at a cost of £0.05 per A4 page. Costs may be, on average, £150 per year. You will also be required to have a lab coat for certain practical classes. These can be purchased for a cost of approximately £10. As part of ensuring the safety of students, patients and the public, you will be required to undergo police (Disclosure and Barring Service) and health checks are part of your enrolment. The initial DBS check costs approximately £38. You will be required to sign up for the DBS Update service at a cost of £13 per year to ensure that your DBS status is updated throughout your time as a student. The occupational health check will require a screening fee of £38 with further costs incurred depending on whether occupational health referral and vaccinations are required. These costs may range between £280 and £600. You will be required to complete a series of placements during your programme, for which you might incur travel, and in some cases, accommodation costs. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.

A range of resources to support the curriculum, including textbooks and electronic resources, are available through the library. Reading lists and module specific costs are listed on the individual module descriptions. The University provides funds for the enhanced DBS check required of all students at the beginning of the programme, and updated in year 3, but does not fund the update service. Printing and photocopying facilities are available on campus at a cost of £0.05 per page (price for 2022-2023). Students need to travel to external clinical placements that are offered across a large geographical area. While some placements will be local to the University, others will require travel by public transport or car which will involve additional cost depending on the distance and mode of travel. There will be some funding attached to this from Health Education England. Amounts and allowances will vary. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.

CW81	BA Art and Psychology	4	£9,250	£9,250	£9,250	£9,250	N/A	The Department of Art houses its own art supplies shop that provides a range of materials at subsidised prices. Equipment and software for video and digital media practices are all available to hire at no cost through our student media resource. Due to the individual nature of studio practice, the cost of materials throughout your programme will vary depending on your choice of media. At Part 1 most materials are provided by the department except where students wish to use specialist or unusual materials of their choice. In subsequent years we would suggest an approximate budget of £200 per year to cover basics. For the final year exhibition you may wish to invest more in materials. This is not a necessary requirement and advice should be sought from the module convener. However a reasonable budgetary expectation would be an additional £200. In addition, students should budget approximately £100 per year for exhibition and museum trips. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.
D301	BSc Bioveterinary Sciences	3	£9,250	£9,250	£9,250	N/A	N/A	You should ensure that you bring with you to University a pair of wellington boots (£15) and/or sturdy footwear e.g. walking boots (£50-100) and a warm waterproof coat (£50) for field work (should you need to purchase these, approximate costs are in brackets). You will also require a laboratory coat which you can bring with you or purchase from the University when you arrive (£15). If you undertake a Placement Year, associated costs will vary according to the nature and location of the placement and/or the study abroad host institution, and individual travel and subsistence arrangements. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.

Depending on choice of optional modules, you may also require a laboratory coat which you can bring with you or purchase from the University when you arrive (£12). Costs for the two compulsory residential field courses are covered by the fees. Participation in additional field courses if chosen as optional modules is subject to additional fees. These are typically in the range £1000-£2000, depending on the venue, and are publicised prior to enrolment for optional modules. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.

The main additional cost of this programme is the Year in Oklahoma and there are a number of costs involved in this year. The University of Oklahoma has a number of charges including accommodation, health cover, and student maintenance fees. These costs amount to about £6000 for the year. The cost of a US student visa is approximately £300. Students must pay for their own air-fares to travel to and from the USA (return fare approximately £1000). These estimates do not include food or travel costs within the US. When applying for a US student visa you will need to show that you meet the US financial requirements that are in place at the time. The other additional cost for this programme is for an optional field trip in Part 4. There are no compulsory textbook purchases for this programme. A range of resources to support your curriculum, including textbooks and electronic resources, are available through the library. Reading lists and module specific costs are listed on the individual module descriptions. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.

F839	BSc Geography (Physical) with Professional Experience	4	£9,250	£9,250	£1,387.50	£9,250	N/A	Our compulsory Part 1 and Part 2 field trips are free of charge, with all accommodation, travel and activity entry costs covered by the School (where relevant). The Part 2 residential field class is run on a Bed and Breakfast basis. You will therefore need to budget in advance to purchase your own lunch, dinner and to cover any evening activities you may choose to do during the week. For all field classes you will be expected to be equipped with suitable outdoor clothing (waterproof jacket and trousers) and footwear. Information relating to the specific requirements for each trip location will be available in the module description. Depending on your module choices, you may select a non-compulsory Part 3 field class, which will require a financial contribution of approximately £1100 to cover travel and accommodation costs. The final cost will be dependent on the destination and costs calculated at the time of booking, which will be linked to inflation rates. All compulsory resources including textbooks and electronic resources are freely available via the library where there are extensive collections to support your curriculum. Reading lists and module-specific requirements for any other classroom and external activities are listed on the individual module descriptions. Our Digital Technology Services ensure that critical software is available via University computer rooms and where possible via our Cloud paging platform AppsAnywhere. There may be bursaries and other financial support available to help students in financial difficulty, however eligibility will be dependent on individual circumstances. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.

L722	BSc Geography (Human)	3	£9,250	£9,250	£9,250	N/A	N/A	Our compulsory Part 1 and Part 2 field trips are free of charge, with all accommodation, travel and activity entry costs covered by the School (where relevant). The Part 2 residential field class is run on a Bed and Breakfast basis. You will therefore need to budget in advance to purchase your own lunch, dinner and to cover any evening activities you may choose to do during the week. For all field classes you will be expected to be equipped with suitable outdoor clothing (waterproof jacket and trousers) and footwear. Information relating to the specific requirements for each trip location will be available in the module description. Depending on your module choices, you may select a non-compulsory Part 3 field class, which will require a financial contribution of approximately £1100 to cover travel and accommodation costs. The final cost will be dependent on the destination and costs calculated at the time of booking, which will be linked to inflation rates. All compulsory resources including textbooks and electronic resources are freely available via the library where there are extensive collections to support your curriculum. Reading lists and module-specific requirements for any other classroom and external activities are listed on the individual module descriptions. Our Digital Technology Services ensure that critical software is available via University computer rooms and where possible via our Cloud paging platform AppsAnywhere. There may be bursaries and other financial support available to help students in financial difficulty, however eligibility will be dependent on individual circumstances. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.

For textbooks and similar learning resources, we recommend that you budget between £100-£150 a year. The core textbook(s), which most students normally purchase, cost(s) approximately £25 new, and there may be other books/resources which you would find it convenient to buy. Some books may be available second-hand, which will reduce costs. A range of resources to support your curriculum, including textbooks and electronic resources, are available through the library. Reading lists and module specific costs are listed on the individual module descriptions. Printing and photocopying facilities are available on campus at a cost of £0.05 per page. Costs will be, on average, £50 per year. For students studying on a year abroad, a discounted fee of 15% of the normal Tuition Fee is payable to the University for the year abroad, as detailed in the Fees Policy. No Tuition Fee is paid to the host institution abroad for which there is a valid exchange agreement in place. Year Abroad: You may incur additional costs, in addition to those which you would normally expect to pay at the University, during your year abroad, in accordance with clause 6.4 of the Terms and Conditions for Undergraduate Students. These additional costs will depend on your host institution and destination, but may include the purchase of a visa, and mandatory medical insurance. Students will be briefed on these issues prior to them submitting the form detailing the institutions to which they would like to be allocated, and general information on additional costs is discussed in the Year Abroad preparatory meetings. Further indicative details on costs and funding are available on the UoR Erasmus and Study Abroad webpages and the webpages of the host institution. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.

Equipment and software for video and digital media practices are all available to hire at no cost through our student media resource. Due to the individual nature of studio practice, the cost of materials throughout your programme will vary depending on your choice of media. At Part 1 most materials are provided by the department except where students wish to use specialist or unusual materials of their choice. In subsequent years we would suggest an approximate budget of £200 per year to cover basics. For the final year exhibition, you may wish to invest more in materials. This is not a necessary requirement and advice should be sought from the module convenor. However, a reasonable budgetary expectation would be an additional £200. In addition, it is recommended that you budget approximately £100 per year for optional exhibition and museum trips. You will be advised of these costs before you enrol on the module. In Film and Theatre you will incur costs for theatre, cinema and/or gallery trips linked to Department modules and module assessments. These visits are an essential and very enjoyable part of your studies. We recommend that you budget between £60 to £100 for this per year. We secure discounted tickets in good seats through group booking, and travel costs can be significantly reduced by booking well in advance, travelling off-peak, and using Group Travel discounts and a 16-25 rail card. To help reduce costs, we also include visits to venues in Reading and Oxford as well as London where appropriate, and we invite practitioners to the department to perform/exhibit work and hold workshops and master classes for our students. You are not required to purchase any practical equipment, as the Department provides the necessary equipment and facilities. If you require specialist materials for practical work, a technician will source this for you, following consultation with the relevant academic member of staff. QW35	BA English Literature and Theatre	3	£9,250	£9,250	£9,250	N/A	N/A	<p>During your programme of study you will incur some additional costs. A range of resources to support your curriculum, including textbooks and electronic resources, are available through the library, but you will need to purchase some materials for private study. We recommend that you budget between £150-200 per year for purchasing books. Some books may be available second-hand, which will reduce costs. Reading lists and module-specific costs are listed on the individual module descriptions. Some optional modules may involve additional costs for fieldtrips or travel to work placements. You will be advised of these costs before you enrol on the module. In Theatre you will incur costs for theatre, cinema and/or gallery trips linked to Department modules and module assessments. These visits are an essential and very enjoyable part of your studies. We recommend that you budget between £60 to £100 for this per year. We secure discounted tickets in good seats through group booking, and travel costs can be significantly reduced by booking well in advance, travelling off-peak, and using Group Travel discounts and a 16-25 rail card. To help reduce costs, we also include visits to venues in Reading and Oxford as well as London where appropriate, and we invite practitioners to the department to perform/exhibit work and hold workshops and master classes for our students. You are not required to purchase any practical equipment, as the Department provides the necessary equipment and facilities. If you require specialist materials for practical work, a technician will source this for you, following consultation with the relevant academic member of staff. If you take part in Study Abroad you should expect to pay for services which you would normally expect to pay for at Reading e.g. housing, food, travel, social activities, etc. Additional costs will vary depending on the host institution and location. Please see the Study Abroad website for further details. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. WW31	BA Art and History of Art	4	£9,250	£9,250	£9,250	£9,250	N/A	The Department of Art houses its own art supplies shop that provides a range of materials at subsidised prices. Equipment and software for video and digital media practices are all available to hire at no cost through our student media resource. Due to the individual nature of studio practice, the cost of materials throughout your programme will vary depending on your choice of media. At Part 1 most materials are provided by the department except where students wish to use specialist or unusual materials of their choice. In subsequent years we would suggest an approximate budget of £200 per year to cover basics. For the final year exhibition, you may wish to invest more in materials. This is not a necessary requirement and advice should be sought from the module convenor. However, a reasonable budgetary expectation would be an additional £200. In addition, it is recommended that you budget approximately £100 per year for optional exhibition and museum trips. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.

W102	BA Art	4	£9,250	£9,250	£9,250	£9,250	N/A	The Department of Art houses its own art supplies shop that provides a range of materials at subsidised prices. Equipment and software for video and digital media practices are all available to hire at no cost through our student media resource. Due to the individual nature of studio practice, the cost of materials throughout your programme will vary depending on your choice of media. At Part 1 most materials are provided by the department except where students wish to use specialist or unusual materials of their choice. In subsequent years we would suggest an approximate budget of £200 per year to cover basics. For the final year exhibition, you may wish to invest more in materials. This is not a necessary requirement and advice should be sought from the module convenor. However, a reasonable budgetary expectation would be an additional £200. In addition, it is recommended that you budget approximately £100 per year for optional exhibition and museum trips. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.

W213	BA Graphic Communication	3	£9,250	£9,250	£9,250	N/A	N/A	Costs for the programme are focussed on three areas: An appropriately powerful laptop and other associated hardware. These are often one-off costs at the start of the programme. A laptop with a value of £1500-£2500 is common. A subscription to industry standard software (such as Adobe Creative Cloud). Whenever possible, we try to secure discounted rates. The cost may be between £100 and £250 per year. Printing costs: These ongoing costs will vary depending on current modules or topics. A cost of £10-30 per month is common. Most books are available through the University Library, but students may choose to buy their own sub-set of core texts. This is optional, but a small annual budget for books that inspire you is recommended. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.
W400	BA Theatre & Performance	3	£9,250	£9,250	£9,250	N/A	N/A	During your programme of study you will incur some additional costs. You will incur costs for theatre, cinema and/or gallery trips linked to Department modules and module assessments. These visits are an essential and very enjoyable part of your studies. We recommend that you budget between £100 to £120 for this per year. We secure discounted tickets in good seats through group booking, and travel costs can be significantly reduced by booking well in advance, travelling off-peak, and using Group Travel discounts and a 16-25 rail card. To help reduce costs, we also include visits to venues in Reading and Oxford as well as London where appropriate, and we invite practitioners to the department to perform/exhibit work and hold workshops and master classes for our students. You are not required to purchase any practical equipment, as the Department provides the necessary equipment and facilities. If you require specialist materials for practical work, a technician will source this for you, following consultation with the relevant academic member of staff. You will incur costs for the purchase of some textbooks. We recommend that you budget between £40 to £70 for this per year. Some books may be available second-hand, which will reduce costs. A range of resources to support your curriculum, including textbooks and electronic resources, are available through the library and through the Department of Film, Theatre and Television. If you partake in Study Abroad you should expect to pay for services which you would normally expect to pay for at Reading e.g. housing, food, travel, social activities, etc. Additional costs will vary depending on the host institution and location. Please see the Erasmus and Study Abroad website for further details. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations. Estimates were calculated in 2023.
