

Open Day programme June 2026

**“I feel confident
and ready to take
the next step.”**

University of
Reading

PLANNING YOUR DAY

We're delighted to welcome you to the University of Reading and hope that today will give you a real taste for life here.

Your first stop of the day: the Open Day Marquee

The Marquee, marked with an  on the map, is your registration point on the Whiteknights campus – and where you'll be able to speak to staff about how to make the most of your day.

You'll also be able to talk to experts about Admissions, Accommodation, Student Finance and more! The Marquee is open from 09:00–16:00 and you can return at any point throughout the day.

Questions?

If you have any general questions about the University or the Open Days ask one of our friendly student ambassadors or head back to the marquee and our general information point marked with an  on the map.

Focus on your subjects of interest

Open Days give you a great opportunity to explore the courses you might like to study.

Drop into your department for an introduction to your subject. You'll have the chance to meet academics, chat to current students, attend short talks and tour our facilities.

Attend University Life sessions

Our University Life information sessions cover many topics from student finance to study abroad to student life.

Discover the Students' Union

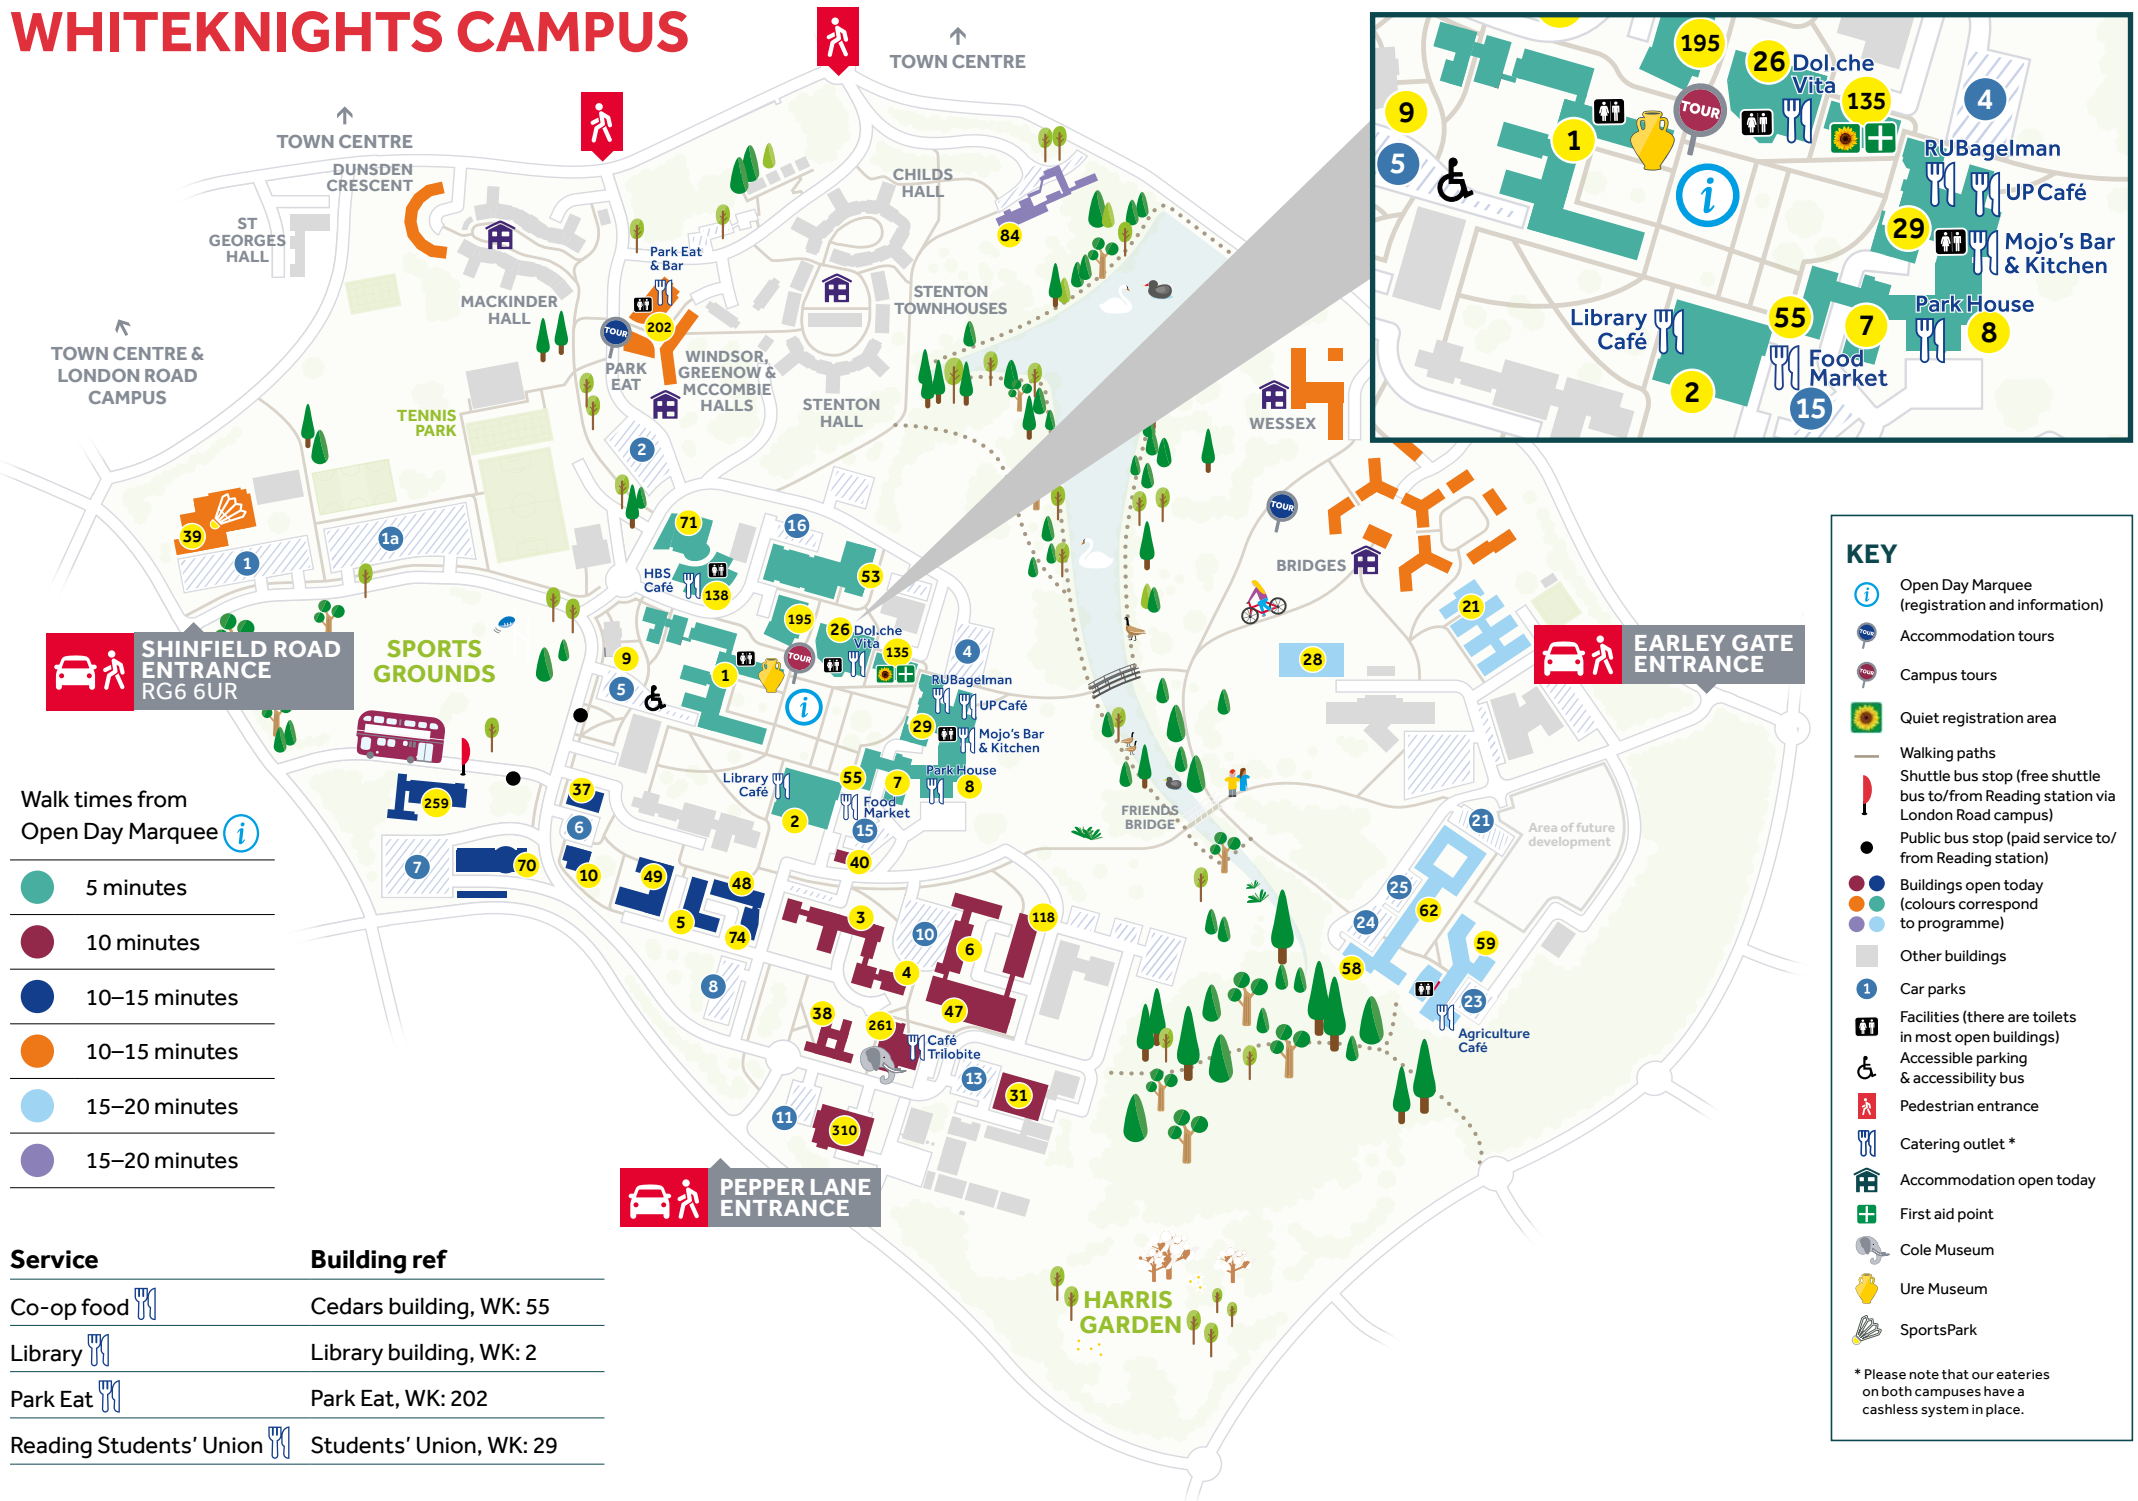

A visit to Reading University's SU (building 29, Whiteknights campus) is a must on Open Days. You'll be able to take tours of the building, talk to our student representatives and explore the SU Marketplace where students will be showcasing the wide range of clubs and societies on offer.

Experience Student Accommodation

Our current students will take you on tours of different types of accommodation and we'll also have staff from our Accommodation Team on hand to help answer any questions you may have. It's a great chance to get a feel for what living on a campus university is really like!

WHITEKNIGHTS CAMPUS

Walk times from Open Day Marquee

- 5 minutes
- 10 minutes
- 10-15 minutes
- 10-15 minutes
- 15-20 minutes
- 15-20 minutes

Service	Building ref
Co-op food	Cedars building, WK: 55
Library	Library building, WK: 2

PLACES TO EAT AND DRINK

There are plenty of places to eat and drink on campus, and today we invite you to eat for the price of a student with Clever Cuisine, our university meal plan system. Here at the University of Reading, we have revolutionised the traditional concept of university dining, so come into Park Eat & Bar to experience a taste of what you can look forward to each day.

Please note that our eateries on campus have a cashless system in place. They accept credit/debit card or Apple/Android payments for any amount.

Eateries

Catering outlet	Location	Opening hours
RUBagelMan	Building no. 29, Whiteknights campus	08:00–17:00

USEFUL INFORMATION

Looking for help?

Central team

Ask these students anything about our Open Day or about studying at Reading

Departmental & subject-specific team

Ask these students about your subject. They will be looking after you when you visit departments

Students' Union team

Ask these students all about the students' union

Accommodation team Ask these students about what it's like to live in halls.

PRACTICAL INFORMATION

First Aid

If you require emergency assistance at any time, please alert a member of staff or Open Day student guide who will be able to help. Alternatively, there is a first aid point located in the Carrington building, building no. 135, Whiteknights campus – marked with  on the map.

Accessible Bus service

If you or a member of your party need help getting around the Whiteknights campus, try our accessible bus service, the pick-up point for which is found in car park 5. If you need any assistance please ask at one of our information points in the Marquee.

Interested in Architecture, Education or Teaching?

Our historic London Road campus is home to our Architecture, Education and Teaching courses. You'll be able to drop into your department, meet academics and current students, and explore the buildings you'd be studying in. Make sure you also visit the Whiteknights campus to discover more about life at Reading, see our accommodation and find out about student life.

Although it's only a 20-minute walk away, a free shuttle bus is running 09:00–16:30 to and from the Whiteknights campus. You can catch the shuttle bus from the Acacia car park at London Road or just past the bus stop, marked **I** on the Whiteknights campus. See map for details.

Visit our Library

The Library offers a variety of study spaces and a huge range of digital and print resources. Each subject has an Academic Liaison Librarian to guide you to the best resources to support your studies and the Study Advice service can provide you with advice on improving your grades and approaching your first assignment.

Come and explore the Library and speak to students and staff on what the Library has to offer you.

UNIVERSITY LIFE TALKS

University life is about more than just study.

Our general information sessions include topics such as student life and living in halls. We also have talks on the application process and finance and funding to help you with the practical aspects of applying to university.

Use the coloured dots against each talk to find the corresponding building on the map.

Time(s)	Talks	Location	Map Ref: Building

ACCOMMODATION TOURS AND CAMPUS TOURS

Accommodation tours – run from 09:00-16:00. If you wish to take tours of both locations, we recommend joining the first tour no later than 15:00. (see page 7 for locations)

Campus tours – also run from 09:00-16:00. These start from the centre of campus, just outside the Open Day marquee.

You don't have to book onto any of our talks or tours throughout the Open Day.

SUBJECT ACTIVITY

Check out our subject hubs to learn lots more about the course you are interested in studying.

Our programme of activities, tours and talks, will give you an introduction to what our different subject areas have to offer, as well as giving you the chance to ask any questions you might have to our academic staff and current students.

Use the coloured dots against each talk to find the corresponding building on the map.

A multi-award-winning community, leading change in climate and sustainability

4th in the **People & Planet** University League 2025/26

The Times & The Sunday Times **Sustainable University of the Year 2025**

Queen's Anniversary Prize 2021 for **climate research and action**

Winner of Outstanding Contribution to **Sustainability Leadership**, London Higher Award 2024

Winner of Outstanding Contribution to **Environmental Leadership**, THE Awards 2023

The University of Reading is recognised globally for expertise in climate science, biodiversity, sustainable agriculture, and energy systems. Our work informs policy, transforms industry practice and builds a more resilient future. We know that sustainability is as much a social and cultural challenge as an environmental one. The arts, humanities and social sciences play a pivotal role in shaping how societies understand, communicate and respond to climate change, while also exploring the ethical, historical and governance dimension of environmental action.

We're committed to reaching net zero carbon by 2030 and our ambitious plan to reach this target was named as the best in the UK. We've already reduced our carbon footprint by more than 63% since 2009, 1% of our waste goes to landfill, and 100% of our electricity has come from renewable sources since 2009. And we're the first university in Europe to join the Menu of Change Universities Research Collaborative, which aims to provide healthy and sustainable meals on campus.

To lead change for the next generation, we're working with the UK government's Department for Education and others to improve climate education and action in schools and colleges. Our ambition is to empower all University of Reading students with the skills and knowledge needed to help build a sustainable future. And our undergraduate Global Sustainability Leaders Scholarship is focused on creating a community of global sustainability leaders of the future.

It is by working together, harnessing our expertise, talent, commitment and diversity, that we can make a real difference – to become a true 'partner for the planet'.

SHOW YOUR STRIPES

The climate stripes were created by Professor Ed Hawkins MBE at the University of Reading. They highlight how temperatures have changed across the globe over the past century and more. Each stripe represents the average temperature for a single year, relative to the average temperature over the period 1961 to 2010.

Take part in Show Your Stripes Day on 20th June by sharing the stripes that are most relevant to where you live. Find your stripes and share them.

#ShowYourStripes
